

PRIMARY SCHOOLS

We produced our first cashless catering system in 1993 and have been developing it, under the brand name IMPACT, ever since. We are the only dedicated specialist in the field and are the UK market leader with a million users in more than 1500 schools.

Many primary schools use a compact, trolley-based system, with everything they need mounted on a single portable trolley. A touchscreen terminal doubles as a POS till and back office PC, where cash and cheques are loaded manually. Where required, a separate management PC can be provided (allowing the POS terminals to remain in situ) and revaluation units can also be used (typically by parents/carers) to reduce the back office workload.

Whatever configuration suits your needs, we provide everything you need to launch, operate and support your cashless operation including project management, database set up, installation, and 2 days training and on-site support when you 'go live'. We also provide a comprehensive after-sales support service including unlimited access to telephone and online support from our dedicated help-desk, and rapid maintenance package with targeted 'next day fix' on all hardware items.

System Benefits include

- Cash collection and recording made quick and easy
- Removal of free meal stigma
- Promotes and monitors healthy diet
- Payments to accounts can be made via Internet
- System management is efficient and effective
- Management reports generated automatically
- Fastest POS transactions available
- Prepares pupils for cashless catering in Secondary Schools

Configured to meet your needs

- Basic Primary System is designed to be cashless and cardless
- Touchscreen filters used to access pupils' accounts quickly and simply
- Option to upload photographs onto a touchscreen for confirmation of identity
- Compact trolley-based system available

Testimonials

"We've worked with CRB for the last 5 years and they have proved to be an able and effective partner. Impact is a very robust and mature system that manages our cashless service with ease. We have looked at many similar products but no company could meet our needs with such flexibility. I have no hesitation in commending CRB for great service and a great product."

Brendan Murphy of Glasgow City Council

"The system is in 23 schools and is proving hugely successful, increasing revenue by 15% to 20%."

Bill Kennedy of Tayside Contracts

"As a three star local authority, we are proactive and progressive in our approach, and only work with suppliers who have the same attitude. With CRB, not only do we have a supplier that shares our enthusiasm for customer service, they are also generous with sharing their knowledge and expertise. The excellent training and support offered by CRB, made sure that we are all competent and confident when using the equipment."

Colin Ranson of Sunderland City Council
