

## HARDWARE TOUCH SCREEN

### Overview

Touchscreen POS terminals have complete POS functionality and much more.

The state-of-the-art Touchscreen POS terminal can be activated using swipe or smartcards, PIN number or fingerprint scanner.

Like all other units it operates online, calling up account balances and communicating transactions instantly.

### On-screen filters and photos

With its Touchscreen functionality, accounts can also be opened using 'Look Up' filters (e.g. for year, class, name etc) to quickly find and open a user's account.

An on-screen photograph can be used to confirm the identity of the user. This facility has been especially popular with Primary school's.

### Multiple menus

Having POS layouts electronically stored and presented on-screen presents an additional benefit in allowing multiple menus to be selected at the touch of a button (breakfast, lunch and evening class meals for example).

### Dimensions

- height 14 inches (approx)
- width 14 inches (approx)
- depth 14 inches (approx)

### Power and communications

Each Touchscreen terminal requires a single, dedicated 13 amp socket and a RJ45 box, each no more than 1 metre from the till position.

## Credentials

## Testimonials

"We've worked with CRB for the last 5 years and they have proved to be an able and effective partner. Impact is a very robust and mature system that manages our cashless service with ease. We have looked at many similar products but no company could meet our needs with such flexibility. I have no hesitation in commending CRB for great service and a great product."

**Brendan Murphy of Glasgow City Council**

"The system is in 23 schools and is proving hugely successful, increasing revenue by 15% to 20%."

**Bill Kennedy of Tayside Contracts**

"As a three star local authority, we are proactive and progressive in our approach, and only work with suppliers who have the same attitude. With CRB, not only do we have a supplier that shares our enthusiasm for customer service, they are also generous with sharing their knowledge and expertise. The excellent training and support offered by CRB, made sure that we are all competent and confident when using the equipment."

**Colin Ranson of Sunderland City Council**
